

PROFESSIONAL SUMMARY

With over 8+ years of combined experience in government IT and supply chain operations, I am skilled in computer hardware/software installation, diagnostics, troubleshooting, remote desktop support, system maintenance, database administration, and ICT inventory management. I am a graduate of TESDA Computer Programming NC IV and proficient in graphic design using Adobe Photoshop, Illustrator, Canva and Inkscape. I have proven ability to work with minimal supervision, prepare monthly and quarterly reports, and support information system deployment. I bring strong analytical, communication, and problem-solving abilities with a commitment to public service.
